

Branch Review.

The opening hours of our Northgate, Wakefield branch at 2/4 Northgate, Wakefield, WF1 1HD are changing from 30 August 2024.

The opening hours of Northgate, Wakefield branch are changing.

The way customers bank with us is changing. Over 95% of transactions are now being made using mobile, online and other ways to bank, instead of in our branches. And more customers than ever are using our Video and Telephone Banking service. We remain committed to face-to-face services across the country, and over 90% of our customers are within a 20 minute drive to a branch, or location of a Money Confidence Expert. But we want our services to reflect the current and future needs of our customers, so we're adjusting the hours of our quieter branches so we're open when customers use the branch most. And we'll be using the additional time when we're not open to support customers in other ways. In the branches where we're adjusting the opening hours we've seen:

- Less than 1% of our customers are impacted by the change in opening hours.
- Less than 1% of our customers use the branches regularly during the hours they will now be closed.
- 84% of our customers who use the branches during the hours they will now be closed, also use another TSB branch or channel.
- 27% of our customers who use the branches during the hours they will now be closed, also use a Post Office®.

We're here to support customers through these changes. If your branch has an external cash machine, we will continue to offer this service 24/7, even on the days the branch is not open. You can also use the same counter services in any of our other branches. This leaflet explains details of the change in opening hours.

How we made our decision.

We always look carefully at the impact of changing our opening hours. Before we make a decision we consider how the reduction in opening hours will impact how customers use the branch:

- How customers use the branch now.
- The current in-branch services available.
- Other ways our customers choose to bank with us.
- Local banking alternatives such as Post Office® branches.
- How customer's use of the branch has changed over time.
- The impact on customers who may need extra support.

In our Northgate, Wakefield branch, here's what we found.

How customers who use the branch during the hours it will now be closed, are banking with us.

Number of our customers who use the branch during the hours it will now be closed.

Percentage of our customers who also use another TSB branch or channel.

Feedback from the local community is important to us.

If you are a member of the local community and would like to contact us about these changes, you can pop into a branch or if you're a personal banking customer call us on **03459 758 758**, and if you're a business banking customer call us on **0345 835 3858**.
