Save Well Limited Access ISA product conditions	
Which other terms and conditions apply?	There are other terms and conditions that cover your Save Well Limited Access ISA. These are set out in the Savings Account General Conditions. You also have TSB Cash ISA conditions which cover all TSB ISAs (except the Junior Cash ISA).
Interest	The interest rate is variable. This means it can go up or down at any time. Interest is paid monthly on the 1st of each month. If you have selected to pay interest to a different account, interest will be paid on the first working day of the month.
Can I replace any money I take out?	Yes, you can do this. There's more information about this in the TSB Cash ISA terms and conditions.
Term	The account term will be the fixed period agreed when opening the account. The Summary Box you receive when you open your account will tell you what the term of your account is. The term will start on the date we open the account.
What happens if I make a withdrawal, transfer money or close the account?	In each calendar month, the interest rate applied to the balance in your account will be the higher rate unless you make a withdrawal. If you make a withdrawal, or transfer money to another TSB account or to another provider, or close your Save Well Limited Access ISA before the end of the term the interest rate applied to the balance in your account for that calendar month, both before and after your withdrawal, will be the lower rate.
What happens at the end of your term?	At least 60 days before the end of the term we'll contact you about what you'd like to do with the money in your account. We may also send you information about other accounts we offer to help you make your decision. If you don't tell us what you want to do with your account before the end of the term, we'll change your account into a Cash ISA Saver excluding the bonus rate (or similar account in our TSB Cash ISA range), by the next day. Your sort code and account number won't change and the Cash ISA Saver conditions in force at the time will apply.

Information correct as at 21 March 2021.

Rates can change at any time and you should check the current interest rate before applying for the account.

AER stands for Annual Equivalent Rate and illustrates what the interest rate would be if interest was paid and compounded once each year. Gross rate is the contractual rate of interest payable before the deduction of income tax. Tax free is the contractual rate of interest payable where interest is exempt from income tax. Tax treatment depends on your individual circumstances and may change.
