Guide to Making a Data Subject Access Request

Under the Data Protection Act 1998 you have (subject to certain exemptions) the right to get a copy of the personal information that is held about you from any organisation processing your data. The Act calls these organisations 'data controllers'. TSB Bank plc is a data controller.

Not all personal information is covered however and there are 'exemptions' within the Act which may allow us to refuse to comply with a request in certain circumstances.

A fee of £10 is payable for each request and once we have received the fee along with sufficient information required to identify you and locate the personal information you are entitled to we will issue you with a full response within 40 days. There is no requirement to complete this form to make a valid request, however, it has been designed to capture the information we may reasonably require to process your request effectively, however, we may contact you by telephone or letter if we need additional information.

We will accept one £10 fee for a request to see all information held in a joint named account signed by all parties. However, if you hold a combination of sole and joint accounts and want to see the information held across all accounts, a separate request, form and fee should be submitted for each party. Examples:

1. Mr and Mrs A want to see the information held in their joint account. Both parties can complete and sign the request form and submit it with one fee of £10. One copy of the information held about them in their joint account will be issued for the attention of both parties.
2. Mr and Mrs B have a joint account and they also both have accounts in their own name. They want to see all of the information that the bank holds for them. Mr and Mrs B should each complete separate request forms along with 2 x £10 fees. In this instance we may contact Mr and Mrs B to ask if we can provide copies of the information held in the joint account to one party only to avoid duplication.

If you require us to provide telephone call recordings please note, due to the way our systems work in order to retrieve calls we need specific information relating to the calls. For any calls you require please provide the date and approximate time of the call, the TSB telephone number or department you called and if known the Agent's name and the telephone number you made the call from. Please note not all telephone calls are recorded.

Telephone calls will not be provided as standard only if specifically requested. Calls can be provided by electronic media (disc) or transcript form, any call requested will be provided to you by electronic media unless your request specifies you require transcripts.

Additional identity checks are required before we can provide you with CCTV footage and a separate form will be issued to you where this is part of your request.

For details on how your personal information is used by TSB please see our Data Privacy Notice which can be found on our website at [tsb.co.uk/privacy](https://www.tsb.co.uk/privacy)

TSB may be able to supply copies of some information to you outside of the Data Subject Access Request process so please do not hesitate to speak to a member of staff either in your local branch or telephone **0345 975 8758** for more guidance.

All requests should be sent to: **TSB Bank plc, DSAR Team, Ariel House, 2138 Coventry Road, Sheldon, Birmingham, B26 3JW.**
