

London, Acton Branch Review

Our branch at London, Acton is closing on 29 April 2021.

What you need to know

We've looked carefully at our London, Acton branch at 160/162 High Street, Acton, London, W3 6RA and how it is used, and we've taken the decision to close it. The way customers bank with us is rapidly evolving with the vast majority of everyday transactions now being done digitally. Over 2.1 million of our customers now choose to bank online, and over 1.3 million use our Mobile Banking App. Even prior to COVID-19 customers were choosing other ways to bank with us, with 50% using services at our cash machines, and 20% using a Post Office®. Over 190,000 customers have been supported through our new online chat service, helping them with queries and other services.

67% of all our customers are now using mobile, online or telephone banking, and at this branch 86% of our personal and 84% of our business customers, now choose to use another branch or channel instead. We need to make sure our branches meet the current and future needs of our customers, and TSB remains committed to face to face services in branch through a network that covers the whole country. In Greater London we will still have 27 branches serving 476,849 customers. This Branch Review explains how we can support you through the changes and the alternative services you can use.
