

# Cowdenbeath Branch Community Engagement

We're closing our Cowdenbeath branch on 20 April 2021.

In our Branch Review we've published details of this closure and how we can support you through the changes and the alternative services you can use. You can view this at [tsb.co.uk/our-branches](https://tsb.co.uk/our-branches)

We've also written to customers who use this branch, to let them know about the changes. We always let customers know about these changes at least 12 weeks before the branch closure takes place. This makes sure we have time to talk with them about banking options, especially for customers who require additional support with the closure.

As part of our Branch Review we've also talked with the local community about the impact of the closure and how we can help customers with this change. This Community Engagement summary explains who we contacted in the local community and any feedback we received about the closure.

## Who we contacted

We shared information with key members of the local community shown below about how customers' use of the branch has changed, what other TSB branches are nearby and how we are working with the Post Office® to provide banking alternatives. Visit [postoffice.co.uk/branch-finder](https://postoffice.co.uk/branch-finder) for more information.

- The office of the local MP, Neale Hanvey
- The office of the local MSP, Annabelle Ewing
- The Leader and Chief Executive of Fife Council
- The councillors for the Cowdenbeath Ward
- Local Chamber of Commerce
- Local Federation of Small Businesses
- Local Citizens Advice Bureau
- Post Office®
- Lending Standards Board

## What feedback we received

TSB met with the local MP and MSP who both were concerned about the closure. The MP expressed his concerns that TSB's announcement followed recent similar announcements from other banks and questioned whether the average customer data was an accurate metric of customer demand. He was interested in whether TSB could use branch locations to support business customers and expressed concern over whether the local Post Office® could meet demand following some recent closures.

## What we've done

We explained the data that we had shared with MPs was designed to give an overview of the branch usage. On the Post Office® we highlighted we are in regular contact with the Post Office® and were confident they were well placed to meet local demand. We explained how the TSB Business Banking customer base is made up of predominantly smaller businesses that are supported directly by a relationship manager, who is available to meet with customers at a suitable location such as the customers' premises.
