## What rates will I get?

We treat all our customers on an individual basis, so the APR you get will depend on the information you supply and our assessment of your individual circumstances. If you apply and are accepted for a card we will confirm which offer you will receive.

Most customers will receive a rate of 7.9% APR (variable). Depending on individual circumstances, other customers will receive a rate of 11.9% APR (variable) or a rate of 15.9% APR (variable).

## How much will a balance transfer fee cost me?

If you make a balance transfer of £1,000 in the first 90 days there is no balance transfer fee.

If you make a balance transfer of £1,000 after the first 90 days of taking out your card, you will pay a balance transfer fee of 3.00% or £30.00.

## Repaying your balance

Credit cards are designed to be a flexible form of borrowing. Paying the minimum amount every so often can help you manage your money more effectively, although we would not recommend that you make only the minimum payments for a long period of time once your promotional offers have ended. Once your account is open, you can set up a Direct Debit for any fixed amount over the minimum payment by calling **0345 603 1802**. Lines are open 24 hours a day, 7 days a week.

The following example highlights the difference between only paying the minimum and paying a fixed amount:

For a purchase of £1,000 on your TSB Advance Card

Monthly payment	If you pay the minimum payment each month	If you pay £50 each month
How much interest will you be charged in the first year?	<b>£53.70</b>	<b>£39.92</b>
How much interest will you be charged in the second year?	<b>£64.41</b>	<b>£15.92</b>
How long would it take to clear the balance?	16 years 4 months	1 years 11 months

The above example assumes the following:

- The transaction takes place on 1 January and you make no further transactions.
- You always make the payment each month on the 15th.
- Your statement is produced on the 1st of each month.
- You are on the best rate available.
