Using your TSB Visa Debit Card.

Your new TSB Visa Debit Card gives you a quick and easy way to buy what you want wherever you see the Visa symbol. You can keep track of the money in your account with mini statements as often as you like from any TSB cash machine.

You can use your Visa debit card...

- In shops.
- Online.
- Over the phone.
- With Apple Pay. Eligible cards only. Visit tsb.co.uk/apple-pay to find out more.
- To take out up to £300 a day from any UK TSB cash machine free of charge or non-TSB cash machines (a charge may apply).
- To get up to £50 cashback free of charge in most supermarkets.

Going abroad

- If you decide to travel abroad you can use your Visa debit card to pay for things anywhere where you see the Visa sign, including shops, restaurants and cafes.
- It's more convenient and safer than carrying lots of cash around, plus you can withdraw local currency from any cash machine that displays the Visa sign.
- Let us know your travel dates and where you're heading before you leave; that way we know to expect overseas transactions on your account. Drop into your local branch or call us on **03459 758 758**.

Things to be aware of

When you use your TSB Visa Debit Card, the amount of the transaction may be set aside. This means that the amount of the transaction is reserved until the money leaves your account. So you won't be able to use the money for anything else, even though it's still shown in your account.

You may wish to set up regular payments to come from your Visa debit card with a company (known as 'recurring transactions'). If you want to cancel these payments in the future you can tell us that you no longer consent to these payments and we will stop the payments. To cancel the next payment due to be made you do need to let us know before the end of the last working day before the payment is due to be made. You should also contact the person who you make the payment to so that they do not keep trying to take the payment and so that you can cancel the agreement which you have with them as we can't do that for you.

If you use your debit card to make a transaction or withdrawal in a foreign currency or use it overseas then charges may apply. For details please see the Banking Charges Guide at tsb.co.uk/rates-and-charges

TSB Visa Debit Card security.

We make the safety of your account our priority at TSB. That's why your TSB Visa Debit Card includes a chip which holds your PIN (Personal Identification Number). You'll need this four-digit number whenever you use your Visa debit card to buy things or take out cash from cash machines.

Chip and PIN means entering your PIN into a keypad when you use your Visa debit card to buy something instead of signing a receipt.

Using it is simple:

- Insert your Visa debit card into a card reader or PIN pad.
- Check the amount shown is correct then enter your PIN discreetly.
- The machine will check the PIN you entered is correct.
- You will be given a receipt for your purchases which you will not need to sign.

Top tip

As most outlets will check your account balance before they process an order, make sure you have enough money in your account so you don't get declined.

Information on your Visa card

- 1 Valid from**
This is the date you can start using your Visa debit card.
- 2 Expires end**
You won't be able to use your Visa debit card after this date – but don't worry, we'll automatically send you a new one before then.
- 3 Cardholder's name**
Your name will appear here.
- 4 Account number**
Your eight-digit account number will appear here. This is unique to your bank account.

On the back of your Visa debit card
You'll find seven numbers on the strip where you sign your name. Quite often, websites will ask you for the last three numbers – sometimes they're described as your 'security code' and often called CVV codes.

Remembering your PIN.

If you're finding it hard to remember the PIN we've issued you, then you can change it to one that's easier for you to remember.

To change your PIN at any TSB cash machine:

- Insert your Visa debit card or ATM Card and enter your current PIN.
- Select 'PIN services' (on some machines you may need to select 'Other services' first).
- Choose 'Select your own PIN' and enter a four-digit number of your choice.

Remember, your PIN is secret – we recommend you don't write down your PIN. But if you do need to write it down, disguise it so that it's not recognisable as your PIN and never keep it with your Visa debit card or ATM Card. You must never give your PIN to anyone else including bank staff and the police.

Top tip

Choose a number that you can memorise. For security, you can't choose consecutive numbers such as 1234 or repeated numbers like 5555 and it's best not to choose a year or your birthday.

Lost or stolen cards

Carrying your TSB Visa Debit Card is much safer than carrying lots of cash. But you must report any theft or loss as soon as possible so that we can prevent other people from using your account.

- Please call into any TSB branch, or you can call the TSB 24-hour Lost and Stolen Cards service on **0800 015 0030**, in the UK, or **+44 (0)207 481 2567** from abroad.

You will receive your replacement Visa debit card from us usually within three to seven working days of telling us.

Keeping track of your money.

It's your money so we'll do everything we can to help you keep track of it whichever way you choose to bank.

If you don't want to spend your free time at the bank, Telephone Banking, Internet Banking and Mobile Banking give you access to your account 24 hours a day, seven days a week – so you can sort out your everyday banking whenever, and wherever, it suits you best:

Day-to-day banking.

Paying money in

With your Under 19s Account it is much safer to pay money in than carrying cash or cheques around with you. There are lots of ways to pay in money – you'll soon find the ones that suit you best. Here's the basic information.

Paying in money at any TSB branch

Lots of people pay in over the counter, but to save time, you can use one of our pay in boxes. Just use the special paying-in envelope and paying-in slip situated near the pay in box. We can even send you a personalised paying-in book with all your details to save you even more time – just ask a member of staff for more information.

As long as you pay cash in at the pay in box before the cut-off time of 3.30pm it'll be processed on the same day and you'll then be able to take out the money straightaway. Cheques can take up to six working days after we receive them for you to be sure the money will be available for you to use.

If you use this service after 3.30pm or at the weekend, we will start processing your payment the next working day. Please remember that weekends and Bank Holidays are not counted as working days.

When do I earn interest on the cheques I pay in?

When you pay in cheques of up to £1,000 over the counter at a TSB branch between 9am and 4.30pm on a weekday, we'll pay you interest the moment you pay them in.

For more information about when cheques you either write or pay in will be processed and the money can be accessed, please see 'Your Banking Relationship with Us' (the Personal Banking Terms and Conditions).

Paying bills and making regular payments from your account

How do Direct Debits work?

A Direct Debit is when you authorise a business or other organisation in the UK to collect varying sums of money from your account on a regular basis.

The organisation must give you advance notice of the amounts and dates. And with all Direct Debit payments, you have the reassurance from the Direct Debit Guarantee that a refund will be made, if any mistakes happen.

When an organisation collects a Direct Debit in the UK, the money will always leave your account and reach theirs on the same day, whichever bank they're with.

- You can set up Direct Debits to make regular payments direct from your account. You do it by authorising whoever you want to make the payment to, for example your gas supplier, to collect the payments from your account.
- When you want to end or change an agreement, just let the business and us know.
- The Direct Debit Guarantee guarantees all payments made by Direct Debit in the UK.
- If any Direct Debits are returned due to insufficient funds in your account, charges may apply. Please refer to the Banking Charges Guide for more information.

Should a business collect one of your payments by Direct Debit in the UK by mistake, we will refund your account as soon as we are aware there's a problem.

How do standing orders work?

A standing order is an instruction you give us to make regular fixed payments to another bank account.

You can set up standing orders through Telephone Banking on **03459 758 758** or through Internet Banking.

Just tell us if you need to cancel or change the payment the day before it was due to be made.

How long do my payments take?

The majority of payments to UK banks (other than Direct Debits, cheques and CHAPS) are processed using the Faster Payments Service and will usually reach the receiving account within two hours. Payments for larger amounts may take up to a day. We will advise you when you ask us to make a payment if the organisation you are sending the payment to is not a member of the Faster Payments Service.

If we cannot make the payment using the Faster Payments Service you can contact us on **03459 758 758** or call into your local branch to ask if there is any other method available to make the payment.

For more information about the time it takes to make a payment please see 'Your Banking Relationship with Us' (the Personal Banking Terms and Conditions).

Stopping a cheque

If you need to stop a cheque you've written from being paid, please come into your nearest branch or call Telephone Banking on **03459 758 758** to tell us.

Sending money abroad

We offer a wide range of International Payment services that allow you to send money overseas quickly, securely and easily.

There are two codes you may need to send money to a bank account abroad: the Business Identifier Code (BIC) and the International Bank Account Number (IBAN) of the person you are sending money to. These are similar to our sort codes and account numbers in the UK and are used to ensure that a payment is credited promptly and accurately. If your payment is to a country that is part of the Single Euro Payments Area (SEPA) scheme, you must provide the IBAN. The person receiving the money must give you their bank details.

There are charges to use our International Services, if you'd like more information about our International Services and how long these payments take, contact our helpdesk on **0345 835 7482**, Monday to Friday 9am to 5pm, or call Telephone Banking on **03459 758 758** 24 hours a day. You can also visit any TSB branch.

Safeguarding your account

What can I do to avoid theft or fraud?

Here are some simple rules to follow so that you're always in control of your money:

- Make sure that your cheque book and cards are safe, but don't keep them together.
- We recommend you don't write down your PIN. But if you need to write it down, disguise it so that it's not recognisable as your PIN, and never keep it with any of your cards. Never let anyone else know your PIN.
- Always sign your cards in ballpoint pen as soon as you receive them.
- Always be sure that before you give your bank details out that you know who you're giving them to and why they need the information.
- Ensure that you keep your Visa debit card receipts in a safe place and dispose of them carefully making sure the Visa debit card details cannot be read.
- Check your statements regularly and get in touch if you see any transactions you don't recognise.

Cooling off

If you are not happy with your Under 19s Account within 30 days of opening your account, we'll help you to move to another of our accounts or return any deposits you have made with any earned interest to you. For details of our current interest rates, please visit [tsb.co.uk/rates-and-charges](https://www.tsb.co.uk/rates-and-charges) or visit your nearest branch.
