

# Dursley Branch Community Engagement

**We're closing our Dursley branch on 4 March 2021.**

In our Branch Review we've published details of this closure and how we can support you through the changes and the alternative services you can use. You can view this at [tsb.co.uk/our-branches](https://tsb.co.uk/our-branches)

We've also written to customers who use this branch, to let them know about the changes. We always let customers know about these changes at least 12 weeks before the branch closure takes place. This makes sure we have time to talk with them about banking options, especially for customers who require additional support with the closure.

As part of our Branch Review we've also talked with the local community about the impact of the closure and how we can help customers with this change. This Community Engagement summary explains who we contacted in the local community and any feedback we received about the closure.

## Who we contacted

We shared information with key members of the local community shown below about how customers' use of the branch has changed, what other TSB branches are nearby and how we are working with the Post Office® to provide banking alternatives. Visit [postoffice.co.uk/branch-finder](https://postoffice.co.uk/branch-finder) for more information.

- Post Office®
- Lending Standards Board

## What feedback we received

The leader of the council wrote to TSB to highlight that a competitor bank branch was also closing at the same time and to stress the impact that the closure would have on the local area. The leader stressed that this means the town will have no banks left, having previously had five branches in the area. She stressed that in other towns in the district the closure of the final branch had had a negative impact on the local economy. She recognised TSB's commitment to engage with customers but asked if, given the impact of Covid-19 on the economy, TSB would wait until after Covid-19 restrictions had been lifted.

## What we've done

TSB informed the leader of the council that we would not reconsider our decision. We highlighted our plans to work with customers to make them aware of the changes and we also highlighted the alternative ways that TSB customers can continue to meet their everyday banking needs. We highlighted that our customers can carry out everyday banking tasks at the local Post Office®, which is under 0.1 miles away, and we also stressed our plans to proactively call all vulnerable customers and those who exclusively use the branch.
