

Ipswich, Hadleigh Branch Community Engagement

We're closing our Ipswich, Hadleigh branch on 6 May 2021.

In our Branch Review we've published details of this closure and how we can support you through the changes and the alternative services you can use. You can view this at tsb.co.uk/our-branches

We've also written to customers who use this branch, to let them know about the changes. We always let customers know about these changes at least 12 weeks before the branch closure takes place. This makes sure we have time to talk with them about banking options, especially for customers who require additional support with the closure.

As part of our Branch Review we've also talked with the local community about the impact of the closure and how we can help customers with this change. This Community Engagement summary explains who we contacted in the local community and any feedback we received about the closure.

Who we contacted

We shared information with key members of the local community shown below about how customers' use of the branch has changed, what other TSB branches are nearby and how we are working with the Post Office® to provide banking alternatives. Visit postoffice.co.uk/branch-finder for more information.

- The office of the local MP, James Cartlidge
- The Mayor of Hadleigh
- The councillors for the Hadleigh South Ward
- Local Chamber of Commerce
- Local Federation of Small Businesses
- Local Citizens Advice Bureau
- Post Office®
- Lending Standards Board

What feedback we received

The local MP and Mayor of Hadleigh contacted TSB to raise their objections. They highlighted that the town is growing and also stressed that there was a lack of banking options available to local residents. They also noted that local public transport is limited. The Mayor explained that many people distrust phone banking and in general prefer to bank in person. He stressed elderly people should not be compelled to travel great distances or use technology that they do not feel comfortable with. He noted that the branch is relied on by many in local care facilities.

The Mayor also highlighted that businesses in Hadleigh will also be affected.

What we've done

TSB met with the Mayor of Hadleigh to discuss the closure. We highlighted that even with the town growing it would not be possible to reverse our decision because of the changes we are seeing in the way that our customers bank with us. We explained to the Mayor that customers can telephone branches directly – saving the need to travel – and we shared phone numbers for local branches with him. We also explained the ways customers can access banking services at the Post Office®. We discussed the reasons why some were reluctant to use other forms of banking and how we are working to support vulnerable customers. We also explained that TSB refunds all customers who are the innocent victim of fraud – as this was one concern many have.
