

# Haslingden Branch Community Engagement

**We're closing our Haslingden branch on 20 January 2021.**

In our Branch Review we've published details of this closure and how we can support you through the changes and the alternative services you can use. You can view this at [tsb.co.uk/our-branches](https://tsb.co.uk/our-branches)

We've also written to customers who use this branch, to let them know about the changes. We always let customers know about these changes at least 12 weeks before the branch closure takes place. This makes sure we have time to talk with them about banking options, especially for customers who require additional support with the closure.

As part of our Branch Review we've also talked with the local community about the impact of the closure and how we can help customers with this change. This Community Engagement summary explains who we contacted in the local community and any feedback we received about the closure.

## Who we contacted

We shared information with key members of the local community shown below about how customers' use of the branch has changed, what other TSB branches are nearby and how we are working with the Post Office® to provide banking alternatives. Visit [postoffice.co.uk/branch-finder](https://postoffice.co.uk/branch-finder) for more information.

- Local Federation of Small Businesses
- Local Citizens Advice Bureau
- Post Office®
- Lending Standards Board

## What feedback we received

The local MP wrote to TSB to request a meeting and stress her objection to the closure. She raised concern about the impact of the closure on local residents and stressed that elderly residents rely on the branch. She also asked how customers could switch to alternative banks.

## What we've done

We wrote to the MP to arrange a meeting. This meeting has not happened at the time of writing. We highlighted to the MP the ways in which we would be supporting our customers and explained the alternative ways customers can bank with us. This included locations of the Post Office® and the activities that can be carried out there. We also explained how customers can switch bank accounts to other providers if they are unhappy.

## We're here to help
