

Hawick Branch Community Engagement

We're closing our Hawick branch on 2 June 2021.

In our Branch Review we've published details of this closure and how we can support you through the changes and the alternative services you can use. You can view this at tsb.co.uk/our-branches

We've also written to customers who use this branch, to let them know about the changes. We always let customers know about these changes at least 12 weeks before the branch closure takes place. This makes sure we have time to talk with them about banking options, especially for customers who require additional support with the closure.

As part of our Branch Review we've also talked with the local community about the impact of the closure and how we can help customers with this change. This Community Engagement summary explains who we contacted in the local community and any feedback we received about the closure.

Who we contacted

We shared information with key members of the local community shown below about how customers' use of the branch has changed, what other TSB branches are nearby and how we are working with the Post Office® to provide banking alternatives. Visit postoffice.co.uk/branch-finder for more information.

- The office of the local MP, John Lamont
- The office of the local MSP, Rachael Hamilton
- The Leader and Chief Executive of Scottish Borders Council
- The councillors for the Hawick and Hermitage Ward
- Local Chamber of Commerce
- Local Federation of Small Businesses
- Local Citizens Advice Bureau
- Post Office®
- Lending Standards Board

What feedback we received

We met with the local MP to discuss his concerns about the closure. He was particularly concerned about the closure of another bank's branch in the region and the impact this has on local town centres. He also asked about the support that would be made available to vulnerable customers who wanted to access a face to face banking service.

What we've done

We discussed the impact of closures in the constituency and discussed the reasons TSB has taken the decisions that it has. We also set out the support we will be offering customers and other ways to continue to support customers after a branch closes, including a pop-up branch that would be available in the community one day per week to support customers with their basic banking needs. We also stressed that we would be proactively contacting vulnerable customers ahead of the closure to provide the support they need.
