

Helensburgh Branch Community Engagement

We're closing our Helensburgh branch on 13 January 2021.

In our Branch Review we've published details of this closure and how we can support you through the changes and the alternative services you can use. You can view this at tsb.co.uk/our-branches

We've also written to customers who use this branch, to let them know about the changes. We always let customers know about these changes at least 12 weeks before the branch closure takes place. This makes sure we have time to talk with them about banking options, especially for customers who require additional support with the closure.

As part of our Branch Review we've also talked with the local community about the impact of the closure and how we can help customers with this change. This Community Engagement summary explains who we contacted in the local community and any feedback we received about the closure.

Who we contacted

We shared information with key members of the local community shown below about how customers' use of the branch has changed, what other TSB branches are nearby and how we are working with the Post Office® to provide banking alternatives. Visit postoffice.co.uk/branch-finder for more information.

- The office of the local MP, Brendan O'Hara
- The office of the local MSP, Jackie Baillie
- The Leader and Chief Executive of Argyll and Bute Council
- The councillors for the Helensburgh Central ward
- Local Chamber of Commerce
- Local Federation of Small Businesses
- Local Citizens Advice Bureau
- Post Office®
- Lending Standards Board

What feedback we received

The local MP wrote to TSB to express his concern that TSB was closing five branches in his constituency. He stressed that many of the towns with closing branches had already lost other bank branches and was concerned about the impact on the local community. He stated that while he understood that people are changing the way that they bank the alternatives will not be able to replace the services offered by a local branch. The MP felt that face-to-face banking was invaluable and was concerned that elderly and vulnerable people would struggle to access alternative branches and also that many people have no access to the internet or have access to poor quality broadband. The local MSP was concerned about the impact on local people and felt angry that TSB had made the decision to close this branch after closing others within her constituency previously.

What we've done

TSB met with the local MSP. We shared details of the mobile adviser service that TSB is developing and explored the best locations for this service to be offered. We wrote to the local MP to explain the reasons for our decision in more detail. We outlined the changing ways our customers are choosing to bank with us and explained the everyday banking activities our customers can undertake at the local Post Office®. We also explained that it was a key priority for TSB to ensure customers can access branches across the country and explained that 94% of customers will still be within 20 minutes drive time of a TSB branch across Scotland. We highlighted that we are offering one-to-one advice for customers to explain how we can continue to support their banking needs. We also detailed our approach to staff reductions across the business.
