

Ormskirk Branch Review

Our branch at Ormskirk is closing on 4 November 2020.

What you need to know

The way our customers bank with us has changed and continues to change. In the last two years we've seen a 17% decrease in the number of overall transactions in our branches. 2.5 million of our customers now choose to bank online, with over 1 million accessing their account on our mobile app. We want to make sure we meet the future needs of our customers, as well as having the right number of branches. So while we continue to invest in existing and new services and technology, this will mean closing some branches.

We've looked carefully at our Ormskirk branch at 9 Derby Street, Ormskirk, Lancashire, L39 2BJ and how it is used, and we've taken the decision to close it. This Branch Review will explain the reasons why we're closing this branch and other ways you can bank with us. And our Partners are always on hand if you'd like to chat to them in person.

Local branches, local decisions

Before we reach a decision to close a branch, as part of our commitment to the Access to Banking Standard, we carry out a full local review to understand the impact the closure may have on the community. The review includes:

- how customers use the branch now
- the current in-branch services available
- local banking alternatives such as Post Office® branches
- other ways our customers choose to bank with us
- how customers use of the branch has changed over time
- the impact on customers who may need additional support
- whether we own or lease the branch building
- the public transport services available in the area

We will also be talking with key members of the local community about the closure and we will publish details in our Community Engagement summary six weeks before the closure. You can read this Branch Review and the Community Engagement at tsb.co.uk/our-branches
