<p>All interest rates are Gross/AER variable.</p> <p>Interest is calculated each day and paid once a year on the anniversary of opening the account.</p> <p>The interest rate you get depends on how much money you have in your account at midnight at the end of each day. You earn the interest rate on all the money in your account.</p> <p>Sometimes we offer different bonus rates. If we do this, you can choose to add or replace an existing bonus rate with a new one. This is called 'renewing' your account. You can renew your account at any time and as often as you like. Bonus rates are fixed and last for 12 months. Always check the rates first. For more information on how to renew your account, see the 'Additional information' section below.</p>			
Can TSB change the interest rate?	<p>Yes. We can move the interest rate up or down at any time. Our Savings Account General Conditions explain when we'll do this.</p> <p>If we increase the interest rate, we'll make details of the rate change available in branch, on the phone and on our website, within 3 days of the change. If we decrease the interest rate, we'll let you know personally 14 days in advance. You can close your account without charge within 30 days of the change, and at any other time. We may not do this if you have £100 or less in your account. Instead, we may tell you about it by making details of the change available in our branches, at tsb.co.uk and through telephone banking.</p>
